REMARKS

In amended Figure 1, the previously omitted base transceiver station (BTS) 12 has been added. The Examiner's approval of the drawing corrections shown in red ink on the attached sheet is respectfully requested.

A Replacement Sheet has been submitted for Figure 1. The original Figure 1 did not include an illustration of BTS 12, which is added in this new figure. However, no new matter has been added. BTS 12 is discussed in detail in the specification, including page 8, lines 27-30, page 9, lines 6-26, and elsewhere in the specification. It is therefore respectfully requested that this Replacement Sheet be accepted, and that claims 35-68 be examined in due course. A Replacement Sheet and an Annotated Sheet is attached, in compliance with 37 C.F.R. 1.121.

A corresponding amendment was made in the International Application in an Amendment submitted to WIPO on November 18, 2002.
